

## EVENTS IN LOS ALTOS HILLS

### **Irrigation Seminar**

---

Your feedback from a previous irrigation seminar told us you want to learn more!

Purissima Hills Water District presents:

#### **An Irrigation Seminar with Stephanie Curtis of Curtis Horticulture**

**Thursday, November 29<sup>th</sup> from 6:00 pm – 9:00 pm** in the Town of Los Altos Hills Council Chambers (26379 Fremont Road).

The seminar will cover all things irrigation! Topics include: overhead and drip irrigation options, proper timer scheduling, and over-all proper irrigation applications.

Three Hunter Rain-Clicks will also be raffled off at the end of the seminar!

To register for the seminar, please email Alexis Shields, the District's Water Conservation Specialist, at [ashields@purissimawater.org](mailto:ashields@purissimawater.org) or call (650) 948-1217 to leave a message.

### **Environmentally Friendly Gardens Wanted!**

---

- ◆ Is your garden *environmentally friendly* and chemical free?
- ◆ Does your garden provide *wildlife habitat* and *support life*?
- ◆ Are *California native plants* a big part of your garden (50% or more)?

If so, we invite you to submit your garden for the next **Going Native Garden Tour** April 20-21, 2013. Share your enthusiasm for plants that are attractive to humans, birds, and pollinators – and enjoy the compliments from tour visitors. This free tour educates visitors on the value of native plant landscaping – for water conservation, habitat creation, low maintenance, and beauty. We invite you to submit your garden today! Submission deadline is October 31, 2012.

Fill out the garden submission form at:

[www.goingnativegardentour.org](http://www.goingnativegardentour.org)

### **CA Native Plant Society – Lawn Alternatives: Do-It-Yourself Native Plantscaping**

**Lawn Alternatives: Do-It-Yourself Native Plantscaping** is a one-day symposium being offered on **Saturday, September 29, 2012**, 8:45 a.m. to 5:30 p.m., at Foothill College, Lecture Hall 8338, 12345 El Monte Road, Los Altos Hills.

The theme is how to design, install, and care for native plant gardens – to save money, save water, and save the environment, all at the same time. Topics range from garden design and plant selection to lawn removal, garden installation and maintenance, *with a focus on specifics, practical steps, and how-to information.*

The program includes refreshments, lunch, and a reception. Books and plants will be available for sale.

To register, visit: <http://symposium.cnps-scv.org>. For more information, email [symposium@cnps-scv.org](mailto:symposium@cnps-scv.org), or call 650-260-3450.
